# ABOUT COMPANY

Blu-splash Engineering is a Zambian owned company and incorporated in the republic of Zambia on the 28th day of July 2023. It is owned and managed by Zambian professionals with diverse experience in dealing with the mining, manufacturing, water treatment and condition monitoring.

Blu-splash Engineering is a technologically driven company, with extensive applications experience in a broad range of industries. We can respond promptly to critical problems with the right solution the first time. The more we learn at Blu-splash Engineering, the more value we bring to our clients.

Our knowledge base of technical and historical data continues to expand rapidly across a multitude of industries countrywide. This is as a result of our expertise in optimizing process systems thereby keep our clients operating at peak efficiency over a long term. This insight enables us to transfer process value from one industry to another, and respond quickly to customer needs with proven solutions. We combine your unique set of processes and practices with Global Industry players' services and expertise. That's how we ensure solutions that are efficient and effective for your applications— mechanically, chemically, operationally and financially.
